Sir:

**TECH CENTER 1600/2900**

The attached PTO Form 1449 identifies eight (8) U.S. Patents, two (2) International Publications and one (1) literature reference. Copies of these references are enclosed herewith for the Examiner's convenience.

Also submitted herewith is a copy of PTO-892 form that was issued in connection with the related U.S. Patent Application from which the subject application claims priority, namely U.S. Patent Application No. 09/644,190, filed August 22, 2000.

Applicants note that MPEP 2001.06(b) specifies that normally, if the application under examination is identified as a continuation-in-part of an earlier application, the Examiner will consider the art cited in the earlier application. Applicants respectfully request that the Examiner indicate in the first Office action that the art cited in the attached PTO-1449 form is made of record in the subject application.

The documents listed on the accompanying form PTO-1449 are cited in compliance with the provisions of 37 C.F.R §§ 1.56, 1.97 and 1.98, as amended. Applicant does not concede

that the references are "prior art" under 35 U.S.C. §102 or 103, and specifically reserves the right to antedate such materials, as by a showing under 37 C.F.R. § 1.131 or otherwise.

This Information Disclosure Statement is being submitted before receipt of any substantive action. No fee or certification is therefore required.

Respectfully submitted,
